## CORNER BOARDS

### Protective Products

Our Corner Boards are constructed from 100% recycled and recyclable fiber; approximately 80% of which is post-consumer fiber and 20% is pre-consumer fiber. It is a product that solves a wide range of packaging challenges, such as strapping protection as well as load containment, stabilization and uniform weight distribution. The Corner Boards are available in lengths over 12" and are custom palletized. They are fully customizable, with a wide variety of leg sizes, lengths configurations, and options available, as well as standard and custom printing options.

**The Corner Board is versatile, practical, and cost effective, offering unmatched performance in comparison to other products in today's marketplace.**
