

## N.A.L. ANTI-SLIP PRODUCTS

Anti-Slip Linerboard has many packaging applications due to the high coefficient of friction.

TexCoat is used between layers of goods, TexCoat is the perfect solution to reduce movement and shifting of your packages.

The Anti-slip linerboard performs exceptionally well when transporting items by limiting the shifting and slipping out of position.

## TexCoat Anti-Slip Sheet

The perfect solution to stabilize your bags, cartons or any kind of packaging.
