

## Standard print options:

**Caution strip** is printed with bold diagonal warning stripes that alert workers to fragile, hazardous, or identification of products. These dies are owned in house and are available without a die plate charge.

**Fragile-** is a random repeat of the word Fragile on one or both legs of the corner boards. These dies are owned in house and are available without a die plate charge

**Do not double stack or do not stack-** is a random repeat of the phrase on one or both legs of the corner boards. These dies are owned in house and are available without a die plate charge

## Customized Printing & Logo Program:

Add your logo, promotional tagline, handling instructions, product code or other information to your corner board and edge protectors for extra visibility and brand impact. Simply provide us with a business card or digital file and we'll mock up a printed sample at no charge.
